

2009 NOAA Restoration Day in Maryland
Participant Supply List

Below is a general list of supplies you should bring with you to Restoration Day. Additional items may be necessary depending on your activity assignment. Please determine which activity you have been assigned to and what additional supplies are necessary before the day of the event.

Supplies for ALL Volunteers to Bring:

- Bagged lunch and/or snacks (coolers will be provided).
- Reusable water bottle and plenty to drink (Some water will be provided, but **NOT** food)
- Fieldwork clothes that can get very dirty and wet (jeans, shorts and t-shirts). Remember to wear your NOAA logos if you have them.
- Old sneakers or boots. **NO BARE FEET ALLOWED!!**
- Long-sleeved shirts
- Long pants
- Waterproof sunscreen
- Towel
- Dry change of clothes and shoes
- Plastic bag for your wet items (or those in contact w/poison ivy)
- Bug spray
- Sunglasses
- Hat
- Bag to hold your gear (backpack or dry bag). **NOTE: plan on bringing all necessary items with you throughout the day.**

SAV Planting and Wildrice Planting Activities:

- Teva-type sandals, dive booties, or old sneakers that can get wet.
- Swimsuit and old clothes, you will get wet and muddy!! Quick dry fabrics work best (nylon, not cotton); we will have a tent for changing.

Optional Items:

- Binoculars for birding (some will be provided)
- Tecnu poison ivy preventative (can be found at drug stores, a limited quantity will be available)
- Jacket/sweatshirt (if necessary)
- Cell phone (in waterproof case if taken near water)
- Work gloves (some will be provided)

Be prepared for the weather, check the forecast before leaving your house in the morning:
